It was moved and seconded (Director Solomon, Chairman Matthews) to approve the February 2016 Foundation Finance Reports and forward to the Board for approval with the following abstention by Director Solomon:

“Director Solomon requested this be included in the minutes: California Health & Safety Code Section 32121, subparagraph (j) tells the Board of Directors how it can spend taxpayer’s money. This law requires us to *only* spend taxpayer’s money on programs or purposes that are “for the benefit of the district and the people served by the district”. This means we can only spend district money on programs that *primarily* serve the people who live within the district and pay district taxes. With regard to pages 6-12 in our packet, all money granted to the Desert Healthcare Foundation from the Desert Healthcare District, with the exception of those earmarked for the Hospital’s collective fund, are therefore illegal. These expenditures, which are listed in the FINANCIALS section of our agenda and on the Grant Payment Schedule which can be found on page 13 of our Finance and Administration Sub Committee packet, are illegal because they are not “for the benefit of the district and the people served by the district” because they do not *primarily* serve or benefit the people who live within the Desert Healthcare District. Therefore by definition these expenditures are not only wrong but they are illegal. Our staff and our CEO should have never recommended them and our Attorney should be counseling us against them. I Therefore I abstain from approving those specific items because they are illegal and would ask that my concerns be duly noted in the minutes of this meeting. I urge each of the members of this Board to do the same.

OTHER MATTERS
